# INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1950 edition of the Raleigh City Directory.

Confidence in the growth of Raleigh's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Raleigh to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Raleigh Directory will fulfill its mission as a source of authentic information pertaining to the city.

## Four Major Departments

The four major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Raleigh, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE, the second major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Raleigh. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Raleigh, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

## Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Raleigh.

**The Raleigh Directory Library**

Through the courtesy of the publishers of the Raleigh City Directory, a Directory Library is maintained in the offices of the Raleigh Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

## STATISTICAL REVIEW

### Location

Raleigh is located approximately in the center of North Carolina, and is the capitol of the state. The city is situated midway on a straight line between New York City and Jacksonville, Florida, being about 500 miles from either.

Raleigh comprises 12½ square miles in Wake County, of which it is the county seat. The average elevation of the city is 363 feet above sea level. Of a total of 200 miles of streets, 100 miles have paved surfaces.

### Population

The 1940 U. S. Census showed Raleigh with a population of 46,897. In 1942 the U. S. Department of Commerce made a special census that showed Raleigh with a population of 53,661. The present estimate is 68,000, of which 68% are white and 32% are colored.

It is estimated that Wake County had 116,300 people on Jan. 1, 1949.

### City Government

Raleigh is operated under a council-manager form of government. A council of seven members is elected every two years from the city at large. This council elects one of its number as mayor, and selects the city manager.

### Education

Raleigh is an educational center in North Carolina by virtue of six colleges and four business schools. The colleges are as follows:

1. North Carolina State College
2. Meredith College (Baptist college for girls)
3. St. Mary's Junior College (Episcopal college for girls)
4. Peace College (Presbyterian junior college for girls)
5. Shaw University (Negro)
6. St. Augustine's College (Negro)

The present total enrollment of these institutions is approximately 8,000.

The four business schools are as follows:

1. King's Business College
2. Hoyle's Business School
3. Hardbarger Business College
4. Raleigh School of Commerce

Special schools located in Raleigh are:

1. State School for the Blind
2. Methodist Orphanage
3. Catholic Orphanage

Public primary and secondary educational facilities are provided in Raleigh through 17 public schools—twelve white and five colored. Additionally, there are three private institutions providing educational service at these levels:

1. Ravenscroft School
2. Sacred Heart Catholic School
3. St. Monica Convent (colored)

Within a radius of thirty miles of Raleigh are located Duke University, at Durham, N. C.; the University of North Carolina, at Chapel Hill, N. C.; and Wake Forest College, at Wake Forest, N. C.

### Recreation

Raleigh has 15 public park areas; a public stadium for athletics; a municipal auditorium with a seating capacity of 4,000, which can be used for dances, plays, lectures, basketball, etc.; an amphitheatre with a seating capacity of

View of Fayetteville Street, with State Capitol in Background

3,000; two golf courses with 18 holes; a public tennis club; seven white theatres with combined seating capacity of 6,500; two colored theatres with combined seating capacity of approximately 1,000; two public swimming pools for white people, and one public swimming pool for Negroes.

The City employs a full-time recreational director in the interests of the public. The Y. M. C. A., with its gymnasium and facilities, affords excellent recreation activity for men and boys. The Y. W. C. A. is well-equipped to provide similar facilities for women and girls.

The fact that there are about nine colleges within a 30-mile radius of Raleigh makes it a center for sports events and athletic contests. The Southern Conference Annual Basketball Tournament usually is played in Raleigh.

#### **Government Departments**

Most of the North Carolina State agencies and several Federal agencies are located in Raleigh. They play an important part in the welfare of the city. State agencies employ approximately 5,500 people; Federal agencies, 1,000 people. Business men from all sections of the state come to Raleigh frequently to contact these government officials.

## TRANSPORTATION

### Railroads

The railroads serving Raleigh are as follows:

(1) The Seaboard Air Line offers north-south service, with its main line giving connection direct from New York, Washington and Northern cities to Raleigh, Atlanta, Birmingham, Jacksonville, both coasts of Florida, and other important Southern points. S. A. L. schedules show 16 passenger trains and 14 freight trains north and south daily. One passenger train north and south is an all-Pullman train, while three others are reserved-seat coach and Pullman streamliners.

(2) The Southern gives east and west service, with a north-south service intersection at Greensboro, N. C. Southern tracks run as far north as Washington, as far south as Palatka, Fla., as far southwest as Mobile, and as far west as St. Louis. Southern schedules show six passenger trains and six freight trains in and out daily.

(3) The Norfolk Southern gives freight service between Charlotte and Norfolk, with six freight trains in and out daily.

Note: All these carriers make connections so that passengers or freight may be transported to any point in the U. S.

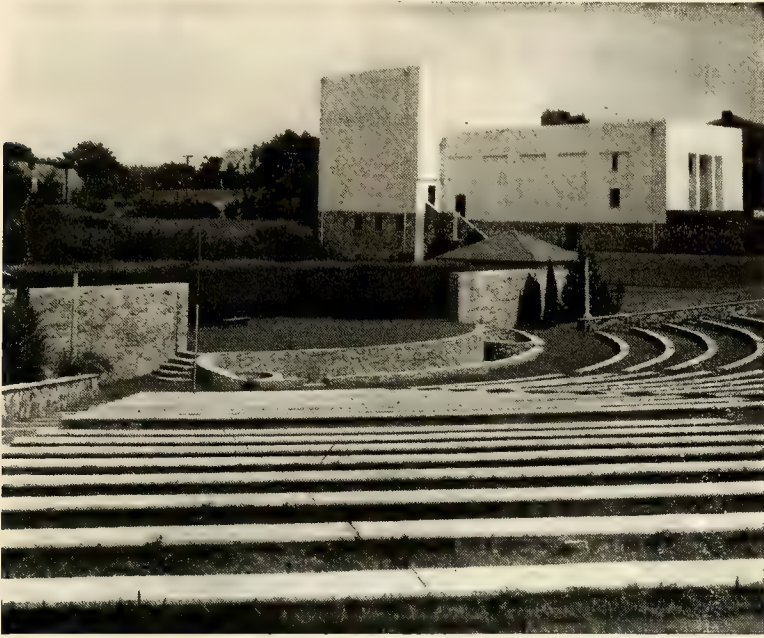

### Air Lines

The air lines serving Raleigh are as follows:

(1) Eastern Airlines give north and south service to Raleigh from New York to Miami, and southwest from Raleigh to Atlanta and New Orleans. Eastern Airlines schedules show 16 flights in and out of Raleigh daily.

(2) Capital Airlines give east and west service from Knoxville, through Raleigh, to Norfolk. Capital schedules show four flights in and out of Raleigh daily.

Raleigh Little Theatre

(3) Piedmont Airlines give direct service between the Ohio River valley and the Tidewater cities of North Carolina and Virginia. Piedmont schedules show six flights in and out of Raleigh daily.

#### Highways

Raleigh is served by a network of nine paved highways. The principal highways handling heavy traffic loads are: U. S. 1 and U. S. 15A, which are north-south highways; and U. S. 64, U. S. 70 and U. S. 70A, which are east-west highways. U. S. 1 and U. S. 15A serve as major routes for the automobile tourist traffic north and south.

The direct paved highway mileage from Raleigh to leading cities is as follows:

Atlanta, Ga. ....	420	Jacksonville, Fla. ....	498
Baltimore, Md. ....	306	Knoxville, Tenn. ....	371
Birmingham, Ala. ....	581	New Orleans, La. ....	938
Charleston, W. Va. ....	359	New York, N. Y. ....	504
Chattanooga, Tenn. ....	491	Orlando, Fla. ....	650
Chicago, Ill. ....	867	St. Louis, Mo. ....	887
Cincinnati, Ohio ....	568	Savannah, Ga. ....	342
Detroit, Mich. ....	718	Washington, D. C. ....	269
Indianapolis, Ind. ....	678		

#### Motor Carriers

There are some 100 trucking lines serving Raleigh. The majority of these are licensed to haul general commodities. A few of the trucking lines are restricted by license to haul only special commodities such as tobacco, corn, textile products or farm products. The capacity of these lines is unlimited, since there are no restrictions as to the number of vehicles and terminals which may be operated within the city.

#### Bus Lines

The bus lines operating into and out of Raleigh are:

	Schedules	
	in	out
Durham-Dunn Bus Lines	5	5
Atlantic Greyhound	49	49
Carolina Coach Co.	78	78
Queen City Coach Co.	2	2
Seashore Transportation Co.	2	2

**City Transportation**

A city bus service is operated by the Carolina Power & Light Co. Service is provided to all points in the city, with a transfer system whereby any point can be reached for the single fare of 5c. The company has a fleet of 46 busses with a capacity of about 45,000 passengers per day. A typical load on a week day at present is about 38,500 passengers, who are carried approximately 5,000 passenger miles.

A number of taxicab companies operate in Raleigh and provide adequate service in this classification.

**MARKETING AND DISTRIBUTION**

**North Carolina**

North Carolina is in the front ranks in the matter of post-war industrial expansion. Since 1945, 1,223 new industrial enterprises have started in North Carolina, giving employment to 57,466 additional workers, with an annual payroll of approximately \$95,000,000. Also, 670 expansions took place during the same period, employing 45,580 workers and adding approximately \$75,000,000 to the annual payroll. This expansion has been due in part to: (1) proximity to rich consumer markets, (2) substantial increase in home markets, (3) excellent distribution facilities.

**Raleigh**

Raleigh has every advantage for a strategic distribution center in that within a radius of 100 miles of the city there is concentrated 30% of the combined populations of Virginia, North Carolina and South Carolina. The fast transportation systems in and out of the city represent another factor favoring Raleigh as a distribution center.

It is estimated that in 1948 Raleigh had over 700 retail stores, with total retail and service sales amounting to approximately \$100,000,000. There were approximately 100 manufacturing establishments in and around Raleigh in 1948, with sales estimated at \$40,000,000, and 160 wholesale distributors, with sales estimated at about \$125,000,000.

**Newspapers**

There are three newspapers published in Raleigh:

	Approximate circulation
The News and Observer (daily, morning)	110,000
The Raleigh Times (afternoon, except Sunday)	20,000
The Carolinian (weekly, colored)	8,000

**Radio Stations**

There are three radio companies in Raleigh:

WPTF .....	50,000 watts
WRAL .....	250 watts
WRAL-FM .....	54,000 watts
WNAO .....	5,000 watts
WNAO-FM .....	10,000 watts

Raleigh's newspapers and radio stations give a complete coverage of central and eastern North Carolina. All three Raleigh newspapers are home-owned and are operated and managed separately.

Note: Station WPTF has applied for a TV license.

**NEW RALEIGH COLISEUM**

The State of North Carolina recently erected on the campus of North Carolina State College in Raleigh a new stadium-type building which will be a fine asset to the recreational and commercial life of the city. This magnificent building not only will provide ample room for all types of indoor athletic activities, but it will be used for civic meetings, industrial exhibits, political conventions, agricultural and stock shows, and many other types of gatherings.

The building itself is 371 feet long by 177 feet wide (outside dimensions), and will provide for an arena floor with a length of 311 feet 4 inches in the clear and a width of 107 feet 11 inches. The floor is entirely surrounded with a tier of balcony seats, which, together with the space available on the floor, will seat from 13,500 to 15,000 people.

Around the arena floor has been arranged a series of offices, classrooms and

meeting rooms for lectures and meetings of small groups. Office space is provided in these rooms for the personnel of the Athletic Department of State College and the teaching personnel connected with the U. S. Army R. O. T. C. training program.

A portion of the basement provides rooms for athletic teams, together with showers, rooms for therapy and massage, and storage of athletic equipment. Also, provisions are being made for the installation of ice-making equipment so that this arena can be used for ice shows, ice hockey, and ice-skating by the students and other residents of the state.

All of the area adjacent to the stadium building has been set aside for automobile parking to an extent which is believed will be adequate for all types of attendance.

This new structure very definitely is an asset to the business life of the Raleigh community and will attract people from all over the state to attend the various activities to be held in it.

### HISTORIC RALEIGH

Raleigh abounds in historic eminence and noteworthy tradition. The first English settlement in America was made at Roanoke Island on the coast of North Carolina by Sir Walter Raleigh. The capitol city of the state was named in his honor and in memory of this achievement.

The land upon which Raleigh had its beginning was purchased in 1792 as a location for the establishment of the state capitol. The first capitol building was completed in 1794 and destroyed by fire in 1831. The present building, over 100 years old, is a recognized example of Doric architecture with few equals. It is noted for its beauty and design.

The 17th President of the U. S., Andrew Johnson, was born here. This famous old home now stands as a shrine in Pullen Park.

The State Hall of History here, with its collection of North Carolina historical records and important archives, attracts much interest.

Wakefield, the home of Joel Lane, erected in 1760, is owned and preserved by the Carolina Dames. This Colonial home was erected in the old town of Bloomsbury, which was the county seat of Wake County, in 1771.

The oldest bank building in North Carolina still stands on the property of Christ Church. It is the present rectory. It was built in 1795 as the State Bank.

Many visitors in Raleigh are likewise interested in monuments and memorials of famous North Carolinians on Capitol Square and in State department buildings.

War Memorial, N. C. State College Campus

Three points of special beauty in Raleigh are Dix Hill, Country Club, and The Federal Cemetery.

### CHAMBER OF COMMERCE

The Raleigh Chamber of Commerce is a substantial, well-organized and well-represented body with over 1,500 members. The membership co-operates in a wide variety of activities in commercial development. The Chamber added an industrial department in 1947, and now has under way an industrial development program for Raleigh. The Chamber also has a complete information service, with inquiries given careful and prompt consideration, and visitors are always welcome. The main offices of the Chamber are located in the Sir Walter Hotel Building, 17-19 W. Davie Street, and the Industrial Department has its offices at 6 E. Davie Street.

## CAUTION . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

"r"— RESIDENT

"h"— HOUSEHOLDER

**"r"** AND **"h"**

Two important symbols are used in your City Directory. The symbol "r", before an address stands for "Resident". That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

# CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

The power of light to sell goods has been demonstrated time and time again in stores throughout the country. People will buy what they can see well . . . they will buy more freely in the atmosphere of a modernly lighted store . . . they will be more satisfied with their purchases. Light also can be used to call customers attention to certain goods through floodlighting or spotlighting, and its applications to the display of merchandise are almost endless.

The proper use of light is a powerful sales tool . . . a sales tool that you can use with profit in your business.

## WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

*It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.*

★ The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED ★

**I**N ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

Directory of Householders, Occupants of  
Office Buildings and Other  
Business Places,

INCLUDING

A Complete Street and Avenue Guide

1950

Copyright, 1950, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones. Figures in parenthesis denote old numbers.

(c) denotes colored.

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

**I**N ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.
